Councillors met to discuss the following application.

DC/16/4271/FUL "Low Farm" New Road, Rumburgh.

"Construction of a utility block for staff welfare and siting of a caravan for occasional use by staff for animal welfare"

Consideration of Application - The councillors considered the plans and associated paperwork as presented.

Council Decision - 1) No objection to restroom

2) The council strongly object to the siting of a caravan on the paddock. It is the councils opinion that there would be plenty of space in the "restroom" for a fold up bed/air bed for the occasional use by staff, plus all other facilities that a caravan would have are included within the rest room i.e. toilet, washing facilities, etc.

Meeting closed at 19.57
